## WORLD BUCKING BULL FUTURITY

This is a new groundbreaking event program designed similarly to the Thoroughbred Breeders Cup which has evolved over the last 30 years into a multi-million-dollar-series. The concept is initiated by the enrollment of sires for a specific breeding season. The owner's of each sire spot will pay an annual fee and nominate the sire of their choice in that spot. In turn, all of the progeny out of the nominated sire are eligible to compete in The World Futurity, for that respected year. (ie sire nominated for a 2022 breeding season, makes all of his 2023 born calves eligible to compete in the 2024 World Futurity). Non payment of a sire spot results in forfeiture of that spot and will be awarded to the next eligible breeder on the waiting list.

In an effort to provide lucrative expansion opportunities to our partners around the world, the program is being promoted in Canada, Australia, Brazil, and Mexico as well as in the U.S. Besides the Futurity payout, the program provides for substantial breeder's awards for the Sire owners and \$50,000 side pots for each country.

Our hope is to create the largest purse bull event, and a system of events that accomplishes the following important goals for our breeders:

- A. Create an event with life changing payouts.
- B. Increase the value of our Bulls/semen.
- C. Add value to our calves.
- D. Increase awareness and involvement in our industry globally.

This event is projected to have a MILLION DOLLAR total the first year of competition, in the fall of 2024. Based on at least 100 bulls enrolled and only 5 calves sired by each bull this number will be easily achievable and quite possibly surpassed.

## SIRE ENROLLMENT

Sires must be enrolled before March 1st, 2022 by payment of \$5000, for their resulting 2023 calves to be eligible to be nominated. Sires may be enrolled by individuals, or by partnerships or groups. Sires may be enrolled by entities other than the owner. Current owners will be given the first right of refusal to enroll their animal prior to the general public getting this opportunity. (It is important to note that any potential sire awards will be paid to whatever entity enrolled the bull.) Sires may be enrolled by submission of the enrollment form accompanied by full payment of \$5000, or by four equal installments of \$1250, due on the following dates:

1. July 15th, 2021
2. September 1st, 2021
3. December 1st, 2021
4. March 1st, 2022

Enrollment will be limited to the first 100 sires which are either paid in full or make the first enrollment installment before June 1st, 2021.

## OVERVIEW AND GUIDELINES

### CALF NOMINATION

Calves must be born in 2023 and sired by an enrolled bull. It is important to note that even if a calf is sold prior to competition, any potential breeders awards will be paid to the original nominator. Calves can be nominated by submission of the nomination form, and payment of \$50, on or before June 1st of 2023. Continuing sustaining payments are due as follows:

\$250 at registration, on or before October 1st, 2023

\$500 sustaining payment on or before February 1st, 2024

\$1200 at time of entry, on or before November 1st, 2024

For a total of \$2000

- Late nomination on or before October 1st for calves that missed the original nomination will be \$1300, plus all remaining payments
- Late nomination by February 1st, 2024, will be \$5000, plus the remaining entry payment
- Supplemental nomination at time of entry, on or before November 1st, may be made for a payment of \$20,000, which includes all fees.

## COMPETITION FORMAT

The general overview of the competition format will be as follows:

This will be a video futurity that will have all the steps in place to maintain the integrity of the competition. Once the final entries have been submitted, in the Fall of 2024, the primary elimination round will be held. These initial rounds of competition will be held at approved certified arenas with steps and procedures in place to insure all rules are abided by. From that point videos will be sent in to the ABBI for judging with in the time frame in which allowed. Judging will not be limited to the customary 4-6 judges. ABBI will incorporate many judges with each country having a minimum number of judging representatives.

The top 20% of bulls will then make the Championship Round. All purse money will be paid out from the results of this round. There are some instances in which a bull will make the championship round with out having a qualifying score in the top 20% to fulfill the individual country purse. Each country will have a side pot of 10% of the total purse to payout out. In this championship round the bulls will be bucked at approved certified arenas with an ABBI representative present at the time of bucking.

All money earners are subject to DNA, Drug and polygraph testing.
