American Bucking Bull, Inc. (ABBI) brings back the Fall Yearling Series that will include 90% payback and more than \$195,000 in prize money based off 100 entries.

There will be two mandatory regular season events prior to the series finale, each with a \$300 side pot entry fee requirement. These two events will include \$30,000 in prize money overall and determine which bulls will compete in the main payout and the non-winner payout during the Finale (again, this is based on 100 entries).

The series finale will be held at South Point Arena in Las Vegas during the ABBI World Finals in November with a payout of \$135,000. All prize money will go straight back to the Stock Contractors and will be determined by the number of bulls that have been entered in the competition.

The 2021 Fall Yearling Series participants will now be able to substitute a bull if one fails and or is crippled / deceased in order to stay in the game. The substitute bull owner will pay a \$500 fee and be automatically in the “hard luck” pot in Vegas and MUST be a Yearling bull that has not won a single dollar in the 2021 year, the “hard luck” pot will be 10% of the \$1,500 entries fees plus the full \$500 replacement fee for an estimated “hard luck” purse of \$25K. To clarify the replacement bulls will only run at the “hard luck” pot and not at the “winner or non-winner” pots. If you are replacing a bull after the first event, he is still eligible for the side pot money at the second event but he will automatically be designated in Vegas to compete in the “hard luck” pot regardless of side pot

money won. In a better effort to keep you as the stock contractor from pushing a bull that is just not quite there or you had the misfortune of crippling or losing a bull we feel this is a great compromise to keep everyone included and participating in this Series with a shot at the prize money.

*All of this is based off an estimated 100 bulls and 20 of those bulls in the hard luck pot.

2021 Futurity AND Yearling Series ground rules:

Yearling total entry fees - \$1,500

Side Pot Fees \$300

Once you have committed to a spot you are obligated for the entire payment regardless of injury or if the bull has deceased. Please see above rules for Yearling substitutions. If a bull is injured and cannot compete at any of the designated stops you are still required to pay the \$300 side pot fee to keep the pot whole. You will also not be eligible for the non-winner pot at the finale if the bull is able to then compete regardless of your placing at any of the events and the bull will have to compete in the winner pot during the finale.
